

## ASSOCIATION NEWS

### ***Gribbins Insulation Company, Inc. Receives ICA's Pinnacle Award for Safety***

ICA recognized nine contractor members for their safety achievements at its annual Membership Meeting on November 17. Over 200 people were in attendance as ICA President Charles Kahl announced the recipients of this year's ICA Safety Program Awards. Ted Lucas, Chairman of ICA (President of Milestone Contractors, L.P.) presented each recipient with an engraved crystal trophy. In addition, each award recipient will receive hardhat stickers to distribute to their employees. These stickers will display the company's name and will identify the company and its employees as an ICA 2011 Safety Program Award winner. This year, nine ICA Gold Summit Safety Award winners were selected as the best in their categories. From the nine recipients, one contractor was chosen by the ICA Safety Program Awards Selection Committee for ICA's highest safety award: The Pinnacle Safety Award – representing the overall leader in construction employee safety.

And the winners are:

#### **THE 2011 ICA PINNACLE AWARD WINNER – THE BEST OF THE BEST**

Employees and field supervisors in each company were surveyed confidentially to verify that the contractor's safety program was understood and effectively implemented on the job. The 32 participating contractors/subcontractors will receive a summary of their employees' responses to the survey questions, giving them some insight into which aspects of their safety programs are understood and which can be improved. In addition, a summary of all onsite worker and supervisor survey responses, as well as a list of safety best practices gathered from the applicants, will be made available in a later issue of *ICA News*.

Early in 2012, the ICA Pinnacle Award Winner – Gribbins Insulation Company, Inc. – will give a presentation to describe their safety program in more detail, share best practices and explain their unique application of safety programming. This will be open to all ICA members and we encourage everyone to attend.

Thank you to all members who participated in the 2011 ICA Safety Program Awards, and congratulations to the 2011 award recipients.

Special thanks to ICA Safety Steering Committee Members:
